Home Insurance

# Home or away, we've got you covered

Buying, building or renovating your house is one of the biggest investments you'll ever make. It may be a financial decision, but your house represents much more than money. It's a home, a place where memories are made so you'll want to protect it as much as you can. We make sure that you, your family, your home and its contents are protected from the unexpected.

A home is probably your most valuable asset. That is why it is important to choose the right home insurance to suit your needs.

**Tailor your cover  
to ensure you get  
everything  
you need**

**Protect Home Insurance** covers your house, its contents, the people who live there and those who work there.

If you're hurt, disabled, or die in an accident – whether at home or while you're out – we've got you covered.

The protection we offer goes beyond your home too! We even cover the financial loss if you are robbed at a cashpoint or if your credit card has been stolen or used fraudulently.

If you wish, you may also opt for a cover that protects your jewellery, sports and technical equipment, and other valuable belongings. We'll even cover your furry friends with a domestic animals cover, if you need it.

**Our Protect Home  
Insurance gives you  
everything you need**

We will replace your damaged items on a New for Old basis and automatically cover items you purchase through the year.

Terms and Conditions apply.
