COMMENTS

2 General Comments

Despite prevailing external factors affecting the regional tourism sector, Mauritius and Seychelles have been quite resilient generating near double-digit growth in tourist arrivals. Mauritius recorded an impressive 586,464 number of visitors against 534,182 in 2015, representing a 9.8% increase, whilst Seychelles achieved a 8.9% increase reaching 139,359 in 2016 compared to 127,998. In the Maldives, tourist arrivals grew moderately with 619,921 arrivals against 609,105 in 2015 reflecting a mere 1.8% growth. With the current USD/EUR level, Maldives has become an expensive destination.

Constance Belle Mare Plage (CBMP) re-opened in mid-July after undertaking a successful six weeks renovation program which will contribute to improved performance going forward.

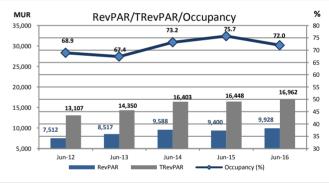

3 Results

Following a good first quarter 2016, the second quarter proved less positive for the group principally due to revenue challenges in the Maldives and the closure of CBMP.

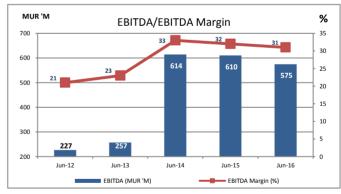

Total occupancy of both owned and managed hotels combined was 72.0% for the half year compared to 75.7% last year. Other metrics such as RevPAR and TRevPAR showed positive progression. Group revenue for the six months ended 30 June 2016 was MUR 1,870m against MUR 1,930m over the same period last year. The marginal decrease in revenue is attributed mainly to the closure of CBMP and our Maldives operations. Consolidated EBITDA was MUR 575m (2015: MUR 610m).

The share of loss from associates was MUR 11m (2015: loss MUR 42m) due to improved operations and the positive EUR/SCR exchange rate in the Seychelles.

Profit for the period closed at MUR 95m (2015: MUR 156m) after accounting for CBMP closure cost of MUR 42m.

EBITDA/EBITDA margin as at 30 June

4. Outlook

Based on current booking trends, we expect continued positive performance from our operations in Mauritius.

The renovation of Constance Lémuria Seychelles (CLS) is planned from the end of August, for ten weeks.

In the Maldives, with the slow down in arrival growths and increased room supplies, our properties will continue to face occupancy and rate

Considering the closures of CBMP and CLS together with the forecast drop in revenue from the Maldives, 2016 group performance will be impacted compared to 2015.
